

WENT BY DEFAULT

Three Chicago Street Railway Companies Went Into the Hands of Receivers.

GUARANTEE TRUST CO. PLAINTIFFS

They Failed to Pay the Interest on Five Notes Aggregating in All \$1,154,183.

The Rolling Stock of the Corporations Are Heavily Mortgaged and Other Assets Can Not Be Reached By Creditors.

Chicago, April 23.—On default of interest on five notes, aggregating \$1,154,183, the Chicago Union Traction Co., the North Chicago Street Railroad Co. and the West Chicago Street Railroad Co. Wednesday passed into the hands of receivers. Suits for the collection of the interest money were filed in the United States circuit court of appeals by the Guarantee Trust Co., of New York, and the traction companies admitting the default. Judge Grosseup at once entered judgment. Demands were then made upon the treasurers of the companies, and upon their return unsatisfied, three receivers were appointed, as follows: In behalf of the Trust Co., R. R. Govin, of New York; for the Traction Cos., James E. Eckels, of Chicago, and as special advisor of the court, Marshall E. Sampson, clerk of the court. The application for a receivership set forth the facts that notes for \$565,052 against the North Chicago Co., for \$270,440 against the West Chicago and for \$318,690 against the Union Traction Cos. were due and with interest not paid. The insolvency of all the companies was alleged. It was stated that the rolling stock of the corporations was heavily mortgaged and that stocks and other assets of the company could not be reached by a judgment creditor. Attorney W. W. Gurley, for the traction companies, filed a plea in each case admitting that the claims of the complainant were proper, and offered no objection to the appointment of the receivers. The bond in each case was fixed at \$75,000.

Joe Cameron, of Pittsburg, Pa., and J. D. Tremont, of Jackson, Miss., are in jail here under suspicion of having given the poisoned drink to the dead men.

Smith had quite a sum of money in his possession. Puryear was a union printer and is said to be well known to the newspaper men of Louisiana.

John Earl, a Showman, Was Fined One Thousand Dollars.

St. Louis, April 23.—John Earl, who was arrested Tuesday for torturing two children whom he had adopted, was Wednesday fined \$1,000 by Judge Pollard, in the court of criminal correction, and in default of the fine was sent to the workhouse. The children were in a horrible condition when rescued by the police.

The Ohio and Kentucky Mining Company has been incorporated with a capital stock of \$1,000,000. The principal office is at Portsmouth. The following are the officers and managers: George E. Rockwell, Cincinnati, President; O. S. Bell, Hillsboro, O., Vice President; J. C. Homer, Kenton, O., Secretary and Treasurer; J. P. Purdum, Portsmouth, counsel. A Growing Business.

[Paris Kentuckian-Citizen.] B. F. Harris sold last Saturday to the Power Grocery Co., the brick warehouse on Fourth street directly opposite their large wholesale grocery.

The Power Grocery Co. has been occupying this building several years as a broom factory. It is understood that they will at once remodel the building and in addition to increasing the capacity of their broom factory will put in an up-to-date coffee roasting plant, which they find necessary in order to supply their large and increasing trade on roasted coffees.

The two buildings owned and occupied by the Power Grocery Company comprises a floor space of about twenty-five thousand square feet.

W. R. Arthur, formerly President of the Illinois Central road, died this week at his home near Urbana, Ill., aged eighty-two years. He lived on a farm of 1,000 acres of the finest land in that State. He was an engineer of great ability, and constructed the Marietta and Cincinnati road. The magnificent steamer, W. R. Arthur, that exploded her boilers early in the '70's between Cairo and St. Louis was named for him. The Arthur was one of the finest boats that ever plied the Western waters. The writer was aboard her at New Orleans a short time before she sank, in conversation with her chief clerk, whose name cannot now be recalled, and who lost his life in the explosion. Colonel Arthur was a native of Hillsboro, Ohio, where his remains were taken for interment.

Frederick S. Hancock, a son of Major A. M. Hancock, of Baltimore, died April 16th in the City of Mexico, of pneumonia. Deceased leaves many relatives in Maysville. For the past few years he had been connected with the engineering corps of the Mexican National railroad, running south from the City of Mexico to Tehuantepec and other cities in Central America. Several weeks ago his health became impaired and he went to the City of Mexico to recuperate. He died in the American Hospital in that city. The body was buried Saturday in the English Cemetery, just outside the Mexican Capital. Mr. Hancock was born twenty-nine years ago in Malaga, Spain, while his father was United States Consul at that port.

DECREASE OVER 22,000,000 TONS

To Mine This Coal 300 Lives Were Lost and 641 Men Injured Out of a Total of 148,141.

In 1901 513 Men Were Killed and 1,245 Hurt—The Total Production of Bituminous Coal in 1902 Was 98,947,170 Tons.

Wilkesbarre, Pa., April 23.—The annual report for 1902 of James E. Rodrick, chief of the state bureau of mines, issued Wednesday, shows that the total production of anthracite coal last year was 36,911,551 tons. This is a decrease of 22,994,400 tons compared with the production of 1901, due to the five and a half months' strike. To mine this coal 300 lives were lost and 641 men were injured out of a total of 148,141 men employed. In 1901, working full time, 513 men were killed and 1,245 injured.

The total production of bituminous coal last year was 98,947,170 tons, an increase over the previous year of 18,032,934 tons, which was principally due to the great demand for fuel during the anthracite strike. The total number of days worked were 220-23, as against 216½ days in 1901.

The report also shows total number of employees in soft coal regions to be 135,386, an increase of 17,784, compared with the year of 1901; persons killed, 456; increase, 155; injured, 861; increase, 202. There were 14,741,091 tons of coke produced in the state last year.

Pottsville, Pa., April 23.—Announcement was made Wednesday that the 30,000 mine workers, who were locked out by the Reading Co. because of refusal to work nine hours on Saturday, will be permitted to return to the mines Thursday provided they pledge themselves to work full time on Saturdays. General Superintendent Luther says the company insists on compliance with this regulation. The miners probably will return to work.

Sioux City, Ia., April 23.—A 33-year-old murder mystery was cleared up Wednesday when the skeleton of Sol Roberts, who disappeared in March, 1870, was plowed up near this city. The dimension of the skeleton coincide exactly with the description of Roberts. The community has always believed that Roberts and a German girl were murdered by a homesteader who sold all his property and left. Roberts was employed by the homesteader and the skeleton was found near his old employer's place.

At the top of a hill the rear coach broke from the train, stopped awhile and then started down the hill and ran into the forward part of the train, which had slowed up.

SENSATIONAL WITNESS.

George T. Hemphill Testified in the Howard Murder Trial.

Frankfort, Ky., April 23.—George T. Hemphill, clerk in Caleb Powers' office, was the most sensational witness in the trial Wednesday afternoon. Hemphill said that he was summoned before the grand jury in April, 1900, and that the day he was summoned Gov. Taylor asked him to be as easy as possible on Henry Youtsey. Hemphill is a clerk in one of the departments at Washington and had never before testified except in the examination trial of Caleb Powers. He did not tell this at that time and had refused to testify in former trials.

Berry Howard, who was recently acquitted on a charge of complicity in the murder, denied that he had received a certain letter from Caleb Powers and testified as to other matters more or less important.

The testimony of McKenzie Todd, private secretary to Gov. Taylor, was the same as on former trials and developed nothing particularly new. Green Golden was called but declined to testify for the reason that he is under indictment.

RESULT OF OVERWORK.

A Kentucky Girl to Be Examined as to Her Sanity.

New York, April 23.—As a result of overwork in an effort to perfect her voice, Julia Levine, 23 years old, of Louisville, Ky., was taken from a boarding house to Bellevue hospital Wednesday night for observation as to her sanity.

Miss Levine is said to have a remarkable soprano voice. She came to this city last September to take up vocal instruction. She worked hard during the fall and winter and the strain told on her. Her father, Morris Levine, lives at 229 East Market street, Louisville, Ky.

"RED SODA."

That Is Maj. Burton's Name For Corn Juice.

Lexington, Ky., April 23.—For several months past Maj. Burton, of Athens, this county, has been plying a lucrative trade by the sale of whisky, under the seductive name of "red soda," to the young men and boys of his community. He was caught by a decoy and hauled before County Judge F. A. Bullock Wednesday on 11 charges of whisky selling and one for selling liquor to a minor. On the first 11 charges he was fined \$100 and costs in each, and \$50 and costs in the latter. Unable to dig up that amount he was committed to jail.

TEXTILE STRIKERS.

State Board of Arbitration and Conciliation Makes a Report on Their Demands.

OPERATORS CAN NOT ADVANCE PAY

The Agents of the Different Concerns Allowed Their Books to Be Examined by Board.

Cost of Living in 1902 Is 15.37 Per Cent. Higher Than in 1897 Against the 25 Per Cent. Claimed By the Workingmen.

Boston, April 23.—According to the report of the state board of arbitration and conciliation presented to Gov. Bates Wednesday the textile corporations in Lowell involved in the present strike of 17,000 operatives, with a single exception, can not afford to pay their help the 10 per cent. increase in wages demanded by organized labor. The opinion of the board is corroborated by a statement from a state statistician, based on the figures of an accountant employed to make an examination of the financial condition of the seven mills in question. The exception is the Lawrence Manufacturing Co., the books of which, according to the report, show that it is able to grant the advance demanded.

After reviewing the demands that have been made since March, 1902, for increase in wages and the refusal of the operators to concede the increases, the report says:

"The point at issue is as to whether the mills can afford the desired increase. The operatives assert that they can. The agents reply that they can not, and consent to an examination of their books by the board."

The board shows by statistics that the cost of living in 1902 is 15.37 per cent. higher than in 1897, against 25 per cent. claimed by the workingmen, and that the wages in cotton mills in Lowell have been raised 16 per cent. in the same period.

The books of the Massachusetts mills show an increase in wages since 1898 ranging from 14 to 23.3 per cent.

The report says:

"It is unnecessary more than to refer to the increase of southern mills during the last ten years to show that Lowell has a formidable competitor there. Of the total gain of cotton spindles in the United States from 1890 to 1900 of 4,920,249, 53 per cent. or 2,747,839, were in the south, which produces the plain, coarse goods, such as are largely made in Lowell."

"In view of these facts and after careful study of the reports of the various experts employed, the board finds that the claim of the mills that they can not afford to increase wages is sustained, except in the case of the Lawrence Manufacturing Co., whose books show that this company is able to grant the advance demanded."

THE BOILER EXPLODED.

Three Men Killed and One Injured Near Bethania, N. C.

G. T. Shore was crushed under a mass of falling timber. Wm. Logan was scalded to death. Part of the boiler was blown 300 feet. The explosion was caused, it is thought, by low water in the boiler.

HOWARD likely would disclaim having assassinated old man Baker, too.

PEOPLE who all along have expressed the belief that Youtsey knew the cowardly assassin of Governor Goebel don't want to believe him now when he has given the assassin's name.

YOUTSEY hasn't near the sympathy now from the Taylor-Powers' crowd as he had when he played the possum act a year or so ago. Instead of sympathy, they are now heaping curses on him.

There are no new cases of smallpox, and the prospect now is that Maysville will soon be entirely free of the disease. There are only two or three cases now under treatment.

Notwithstanding reports to the contrary, Rev. F. M. Tindler, of Carlisle, has accepted the call to Lancaster. The Carlisle Church offered him an increase in salary, but couldn't induce him to remain.

READY MADE SHEETS!

The price of all cotton goods is going up rapidly. In fact there have been two distinct advances in price since we bought these sheets. Every house-keeper knows how rapidly the pennies count up in buying muslins, so it is wise economy to lay in needed supplies now.

The name France has given the American Walking Skirt. But the name counts for little—the Skirt's the thing. Rainy days suggest comfortable, wet-weather garments—Skirts that are serviceable and of convenient length. Think of the muddy streets and soggy pavements—then ponder on these practical sorts of clothes for the woman who goes abroad in the land.

\$5 Walking Skirts of melton, covert and broadcloth, in black, gray, navy. Well tailored and trimmed in smart stitching and plaits.

\$6 Skirts of black or gray broadcloth trimmed in tucks, cords or straps. Some in triple skirt effect.

The Smith's and Society.

A FABLE.
Prosperity smiled broadly upon Grocer Smith.
But Mrs. S. was as sour as milk in a thunder
storm. The doors to society were locked, and
the Smith family didn't know the combination.
In vain the good lady took her airing in the park
behind a pair of thoroughbreds. In vain she
dressed to beat Solomon in all his glory. So-
ciety's nose tilted skyward. One day Smith
cornered an idea. This delicacy he served up to
his best beloved. It ran, that as Stationery was
the best tonic for the grocery business, it might
boost one up a step or two on the social flight.
So he hunted up the man who knew. The goods
came round too good to use, and in exactly three
months from date the Smiths gathered in an in-
vitation to the Charity Ball.
MORAL—Good Stationery is a sledge hammer
with which to break down social barriers. We
have the proper sort.

IMPORTANT ANNOUNCEMENT OF THE MAYSVILLE GAS COMPANY.

Under 2000 cu. ft. of Gas \$1.50 per 1000.
Over 2000 cu. ft. of Gas and under 3000 cu. ft. \$1.25 per 1000.
3000 cu. ft. of Gas and over \$1 per 1000.

At a meeting of the Board of Directors of the Maysville Gas Company March 28th, 1903, it was ordered that on and after the first day of April, 1903, the above sliding scale of price of gas for all purposes, fuel and illuminating, should go into effect for all private consumption, and that all rates and discounts heretofore made are hereby abolished.

It was further ordered that after the first of April the old rule of the company gas will be turned off if account is not paid with five days after presentation shall be enforced, impartially and indiscriminately, regardless of whom it may concern. (This action was taken not to appear arbitrary nor with the idea that the accounts of the consumers were not perfectly good at any time during the month, or a year later for that matter, but for the good of all concerned and in order that this part of the business of the company might be taken up at a specified time during the month and disposed of, and further in order that the time and thought of the company's agents and employees, now so largely occupied with this work of collecting, might for the balance of the month be diverted toward giving consumers of gas better attention and more efficient supply and service.

It was further ordered that beginning with the first of May and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to said consumer by an agent of the company on the first day of the month, or the second day, if the first comes on Sunday, and that said account shall thereafter within five days be due and payable at the office of the company on Court street, Maysville, Ky., and if not so paid, gas will be promptly shut off.

The gas company further announces that, after the first day of April, they will handle and sell at cost price to gas consumers any of the great variety of gas stoves and ranges made by and shown in the catalogue of the Detroit Stove Works, Detroit, Mich. which price will be a sum equivalent to 50 per cent. discount from the list prices in said catalogue. These stoves and ranges will be sold for cash only, or according to the terms of a printed lease, whereby easy payments are extended over a period of from twelve to seventeen months. For instance, take a gas range listed in catalogue at \$26, the gas company will sell this range to consumer for \$13 cash or for \$2.50 cash at signing of lease and 50 cents a month for seventeen months, at the expiration of which time the range is sole property of consumer. The company has selected to handle the Detroit Jewel Gas Range on account of its acknowledged superiority and wide reputation for durability and economical consumption of gas. The gas company will also handle, at cost price to consumer, the fixtures and mantles of the Welsbach Company in all of their many attractive varieties.

Before closing this announcement the gas company wishes to publicly express appreciation of the eminently fair, just and courteous treatment accorded them by his honor, the Mayor, and the Board of Council, particularly the Chairman and members of the Gas Committee of that body, through whose efforts in behalf of the private consumers, the above concession in the price of gas is now announced.

With the assurance to the citizens of Maysville that it will be the earnest effort of the company and its agents to at all times give them their best possible service at the least cost, we beg to remain, very respectfully,
MAYSVILLE GAS CO.

P. S.—On and after April 1st the gas company will have on exhibition at the plumbing establishment of Mr. Larry Langfela on Market street, samples of the Detroit Jewel Gas Ranges, to the inspection of which those interested are cordially invited. You can leave your order for a range with any representative of the gas company, with Mr. Langfela or your regular plumber, with whom you will have to make arrangements for the connecting and fitting up of range in case of the placing of order.
